GINGER

TOMATO

CHINESE CABBAGE

THE SOILLESS CULTIVATION

Lettuce

Chinese cabbage

Green onion

The materials used for agriculture

A GRINDER

A CULTIVATOR

PIG BREEDING

BEEKEEPING

In conclusion

- The objective of the CJA is to spread organic farming and breeding within each inhabitant of French Polynesia.
- And afterward organic products may be sold in several shopping centers will serve to feed hotels and restaurants.
- We encourage all partners (municipalities, agricultural companies...) to participate in the development of organic agriculture and healthy environment.

Thank you
